

FOLD ON WHITE LINE

Pencil Flag / Antenna Flag Instructions

1. Cut out each flag strip as above, and then fold in the middle on the white line. Now you should have two printed sides facing out.
2. Wrap a folded flag strip around a pencil or car antenna with the inside of the folded edge snug up against the pencil (or antenna), then glue or tape the backs of your flag strip together to make a 2-sided Jolly Roger flag.
3. Set Sail for Treasure – and Talk Like a Pirate on September 19!

STAPLE ½ INCH FROM EDGE OF FOLD – SLIDE FLAGS ALONG TWINE AS DESIRED

Party Banner Instructions

1. Cut out each flag strip, and then fold in the middle on the white line. Now you should have two printed sides facing out.
2. Cut a length of strong twine for as long as you need, plus an extra 12 inches or so for ties at each end.
3. Wrap 1 folded flag strip over the twine, then staple together about ½ inch in from the twine to attach the flag loosely to the twine.
4. Keep adding flags along the twine until you fill up your banner.
5. Set Sail for Treasure – and Talk Like a Pirate on September 19!
