

FOLD HERE

- Pencil Flag / Antenna Flag Instructions**
1. Cut out each flag strip as shown above, then fold in the middle between the flags. Now you should have both printed sides facing out (a front and a back) with a folded edge.
 2. Wrap the folded flag strip around a pencil or car antenna with the inside of the folded edge snug up against the pencil (or antenna) like a flag pole
 3. Glue or tape the backs of your flag strip together to make a 2-sided pirate flag.
 4. Set Sail for Treasure – and Talk Like a Pirate on September 19!

STAPLE ½ INCH FROM EDGE OF FOLD – SLIDE FLAGS ALONG TWINE AS DESIRED

- Party Banner Instructions**
1. Cut out each flag strip, then fold in the middle between the flags. Now you have two printed sides, both facing out (front and back)
 2. Cut a length of strong twine for as long as you need, plus an extra 12 inches or so for ties at each end.
 3. Wrap a folded flag strip over the twine with the inside of the folded edge over the twine, then staple each flag strip together about ½ inch in from the twine to attach the flag loosely to the twine. Keep adding flags along the twine until you fill up your banner.
 4. Set Sail for Treasure – and Talk Like a Pirate on September 19!
